

Download Animating With Microstation

Last month's column explored MicroStation V8's rendering capabilities, primarily basic rendering of images and rendering methods. This month's Productivity Corner will expand our exploration with an introduction to lighting and materials. Lighting techniques are the most significant contributor for Autodesk Authorised Training Centre. Our instructors are industry leaders in their field using only approved material at locations in Pretoria, Centurion, Sandton, Johannesburg, Cape Town and Durban. This is a general forum for all questions and comments relating to Autodesk products not catered for in other forums. Questions about Impression, Maya, DWG TrueView, NavisWorks, Buzzsaw etc. are all fair game. AutoTURN Rail Overview
Accommodating Designs in the 3D Era As railways become a more prevalent mode of transportation for goods and people, more infrastructure will be needed to accommodate increased ridership.
