

Download Magnetic Surfaces Thin Films And Multilayers Symposium Held April 29

The President of the European Academy of Sciences, Alain Tressaud and its Presidium invite you to the reception, organized on April 13th, 2018, at 11.30 a.m, to be held at the Fondation Universitaire in Brussels, for the occasion of the taking office of the new President Rodrigo Martins and the new Heads of Divisions and Officers. Plansee Powertech AG in Seon, Switzerland, recently held the opening ceremony of a newly constructed facility. Attendees included the Chief of Government Dr. Urs Hofmann and other representatives of the Aargau Department of Economic and Interior Affairs. Nanocellulose is a term referring to nano-structured cellulose. This may be either cellulose nanocrystal (CNC or NCC), cellulose nanofibers (CNF) also called microfibrillated cellulose (MFC), or bacterial nanocellulose, which refers to nano-structured cellulose produced by bacteria.
