In computing, a web application or web app is a client-server computer program which the client (including the user interface and client-side logic) runs in a web browser. Responsive web design (RWD) is an approach to web design that makes web pages render well on a variety of devices and window or screen sizes. Recent work also considers the viewer proximity as part of the viewing context as an extension for RWD. Content, design and performance are necessary across all devices to ensure usability and satisfaction. kmart.com.au Are you looking for a free job application template in the PDF format?
